

Setting up the Monitoring Framework for Homeless Prevention/Housing Options

Dr. Andrew Waugh
11 October 2013

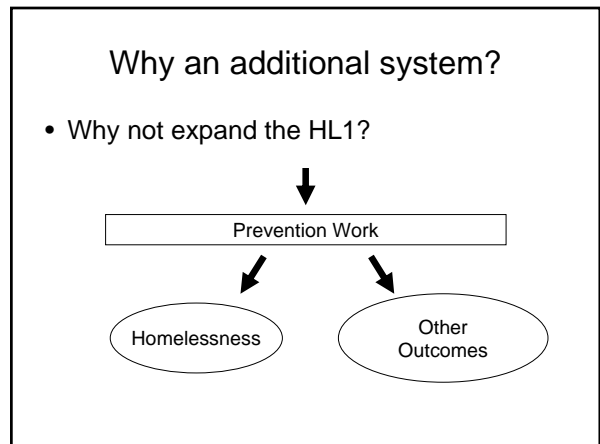

INSIDE HOUSING.CO.UK The History

- Graeme Brown, director of Shelter Scotland, wrote in a letter to Inside Housing that it is **'simply not credible'** – 13 April 2012
- "The Committee also considers that the Scottish Government should consider the development of a measurement tool for homelessness prevention work"** – Alba
- Collection is led by LA demand. A number already have systems in place.

Development

- Some questions influenced from the English pro forma in the P1E, but case level
- Happens upstream of homelessness. Therefore needs to sit outwith homelessness recording (the HL1).
- As far as possible, we want to measure outcomes, not activity.

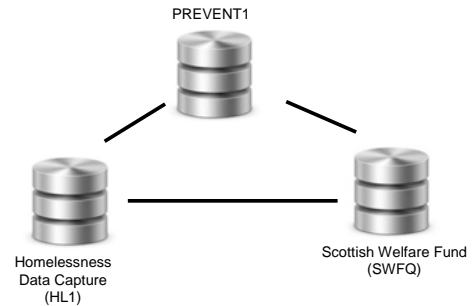

The PREVENT1 Return

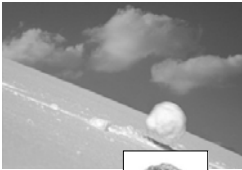

- Application Details
- Household Characteristics
- Reasons for application
